RE: Lake City Skiers

This letter serves as the City of Warsaw's endorsement in support of the Lake City Skiers Water Ski Show Team. Now in their 24th year, we congratulate the team on their many accomplishments over the past twenty plus years. The team finished 6th at last year's Nationals.

This organization performs national level quality water skiing shows which provides great local family entertainment and is a valuable asset to the Warsaw community. With three lakes within our city limits and numerous other lakes throughout the county, the Lake City Skiers have contributed greatly to recreational water skiing throughout our area. In addition, the team strives to promote safe boating.

Hard work and dedication are certainly the focal points for the Lake City Skiers. The success of this team's annual show involves many support personnel including tow boat drivers and safety crews, choreographers and costume designers, announcers and dock crew, along with ad sales people and publicity coordinators.

The City Council and I are very excited that the Lake City Skiers, Warsaw, and Kosciusko County have the opportunity to host two tournaments in 2014: the City of Lakes tournament in June and the Division 2 Nationals in August.

I invite you to join us in welcoming these great family events to Warsaw by showing your support for these upcoming tournaments and any future opportunities that may come their way.

Sincerely,

Joseph M. Thallemer, Mayor
City of Warsaw
